Mr Neeraj Gupta

The first part of professionalism is regarding what you commit and what you cant keep up to.

Donation is not a part of company policy, and questioning the integrity is more vulnerable to you than the organisation.

Hence if you co-operate with us till the completion of the process, we will be guarantying you a confirmation shortly.

Lacking in professionalism would force us to list your Professional Certificate in Nascom and Six sigma, for black list reference of all multinational companies over the world.

Hence would request you to co-operate, so that we can process your Induction and Training facilities as per the company policies.

We hope you have a great career with us.

Regards

Talent Acquisition Team
